**IT HAPPENS ONE NIGHT**

**SYNOPSIS**

**Drama, informative, 95 minutes**

**Cornelia is a successful environmental influencer, followed by millions but also hated by many. During a live TV broadcast on a hot night, he decides to launch a provocation: he leaves his mobile number, ready to clash with his haters. But what seems like a bold move turns into a nightmare. Obscene phone calls, threats and secrets from his past resurface, endangering his career, his family and his relationship with her daughter. A whirlwind of unspoken truths and lies hits Cornelia, while the woman fights against a world that seems to have condemned her. In a game of light and shadow, she will be forced to make difficult choices to protect what she truly loves. An intense story, full of tension and emotions, where every word and every phone call changes the destiny of a woman against everyone.**

A dark, atmospheric night scene of an abandoned building. The walls are covered in graffiti, including a prominent 'STOP' sign on the left. A neon sign on the right reads 'MOTEL' in orange and purple. The scene is lit by a few streetlights and the neon sign, creating a moody and desolate atmosphere.
